**Formtek Appoints Victor Malespina as Vice President Sales and  
Edward J. Kay as Vice President Services and Support**

FOR IMMEDIATE RELEASE  
January 13, 2009

**Concord, California USA** — Formtek Inc. (Formtek), a leading provider of Enterprise Content Management solutions, today announced that they have promoted two experienced senior managers to Formtek's executive management team.

Victor Malespina has significant career experience in sales and sales support, with particular emphasis in engineering data management and document management technology solutions. Victor's career includes over twenty years at Formtek serving in various project management, marketing, and senior sales capacities. As Vice President Sales, Victor is responsible for the Company's lead generation, prospect and pipeline building, account development and management, bid and proposal efforts, and top line revenue and cash flow generation. Victor has a BS in Architecture from the University of Maryland.

Edward J. Kay is a seasoned executive with a long history in information technology, software development, project management, and consulting services. He has held leadership roles in the Advanced Concepts Center, Lockheed Martin, and General Electric. Ed is responsible for professional services, customer support, and quality assurance. As Vice President Services & Support, Ed is responsible for professional services, sales & marketing support, customer support, quality assurance including documentation and infrastructure support. Ed also has responsibility for product development, product maintenance, customer support and the successful delivery of engineering services. He holds a BS in Electrical Engineering from the University of Notre Dame and an MS in Computer and Information Science from the University of Pennsylvania.

“We are extremely pleased to name Victor and Ed to the executive management team”, said Dennis M. Scanlon, Formtek’s President and COO. “Given their comprehensive experience, Victor and Ed were the clear choices for managing our growth. The combination of Formtek’s technology platform, along with their exceptional information technology expertise and customer service oriented backgrounds, will generate very significant opportunities for our business over the next decade.”

Other notable Company organizational announcements included Michael Drabick, Director Customer Service and Training; Patricia Hodgson, Director Quality Assurance and Documentation; Raju Mahajan, Director Software Development; and Mary Jane Schroeder, Director Administration.

**About Formtek, Inc.** - For over two decades, Formtek has been providing mission-critical Enterprise Document and Content Management solutions and services to some of the most demanding industrial operations in the world. Our capabilities and experience, particularly in the areas of engineering drawing management, technical document management, and secure collaboration, have helped both small organizations as well as large global enterprises manage their most important information assets. Formtek solutions solve real, day-to-day document management problems for worldwide customers in manufacturing, aerospace, Defense, telecommunication, utility, and government. Headquartered in the USA, Formtek markets its software solutions directly, as well as through partners in the Americas, Asia, and Europe.
