-----------------	--	--

Washington, DC—Formtek, Inc., a leading provider of Enterprise Content Management (ECM) software and implementation services, announced it will participate in the Nuclear Information Records Management Association Symposium to be held in Charleston, SC from August 11 – 13, 2003. Formtek will demonstrate its technology solutions used for compliance and accountability applications at companies in the utility and process industries.

Formtek will also sponsor Dr. Thomas H. Snitch as a guest speaker. Dr. Snitch will speak to NIRMA Symposium attendees on the Homeland Security requirements and ramifications for the US Nuclear Industry. The challenges of inspecting all types of containers coming into the US will be discussed with a particular emphasis on the nuclear element. Dr. Thomas H. Snitch is President of Little Falls Associates Inc., an international consulting firm specializing in security issues.

About Formtek. Formtek Inc. provides secure and scalable Enterprise Content Management software and implementation services to worldwide customers and partners in manufacturing, aerospace, defense, telecommunication, utility and government. Formtek software provides discriminating features in the areas of security, storage, scalability and integration capability and is readily used for applications of document management, content management, digital asset management and collaboration.
