Washington, DC—Formtek, Inc., a leading provider of Enterprise Content Management (ECM) software and implementation services, announced today that NS Solutions Corporation extended its seven-year relationship with Formtek in Japan. NS Solutions has been a valued partner of Formtek since 1997 and has many significant implementations of Formtek's solutions throughout Japan. NS Solutions offers Formtek solutions to customers in the government, manufacturing and finance sectors. Formtek's implementations for NS Solutions have been consistently successful, addressing NS Solutions ever-expanding client requirements.

"NS Solutions is an important Asian partner for Formtek and we will continue to build on our strong relationship," said David Lane, Formtek's Director of Asia Pacific Sales. "We are committed to serving their customers by delivering localized versions of Formtek solutions and refining our technologies and our services to support their mission-critical business processes."

"Formtek has provided us with an excellent partnership, allowing us to deliver secure, stable solutions to our clients," said Yoshiaki Yamamoto, Director, Net Business Sourcing Department for NS Solutions. "We implement Formtek's system because our clients need an extremely secure content management system. We are proud of our partnership."

About NS Solutions Corporation. As part of the Nippon Steel group, NS Solutions Corporation has long garnered the confidence of customers and is determined to achieve

further growth as a systems integrator. NS Solutions offers system consulting and proposal of solutions engagement and operation of comprehensive engineering systems. NS Solutions often functions as the IT engine of business innovation to gain their customer's confidence as a reliable partner.
