

# ANNOUNCEMENT

April 2010

## **Formtek Consultants Certified as Electronic Records Management Specialists**

Formtek's Professional Records Management Service Consultants were recently certified by AIIM, the Association for Image and Information Management, as Electronic Records Management Specialists. These consultants are available to engage with our clients to solve their records management needs.

AIIM is the leading non-profit organization focused on helping users to understand the challenges associated with managing documents, content, records, and business processes.

This certification is the new AIIM standard for industry professionalism and knowledge. In addition to industry experience, it requires passing a comprehensive examination which tests knowledge of global best practices as well as new and emerging best practices and technologies for managing electronic records.

Formtek is a leader in providing content and records management solutions to companies needing to address ever-increasing compliance, governance and retention requirements.

For more information about our records management capabilities, please visit our web site: <http://www.formtek.com/solutions/recordsmgmt.shtml>.

*About Formtek:* For over two decades, Formtek has been providing mission-critical Enterprise Document and Content Management solutions and services to some of the most demanding industrial operations in the world. Our capabilities and experience, particularly in the areas of engineering drawing management, technical document management, and secure collaboration, have helped both small organizations as well as large global enterprises manage their most important information assets. Formtek solutions address real, day-to-day document management, content management, and records management requirements for worldwide customers in manufacturing, aerospace, defense, telecommunication, utility, and government.
