Washington, DC--Formtek Inc., a leading provider of Enterprise Content Management (ECM) software and implementation services, announced today that it has signed a Collaborative Partnership Program (CPP) Agreement with Skyline Connections, an Information Technology provider headquartered in New York City. Skyline Connections has extensive experience providing IT products and services to a diverse range of clients, including hospitals and other healthcare facilities. Under the terms of the Agreement, Skyline Connections will develop and market content management solutions specifically for the Healthcare Industry based on the Formtek | Orion ECM product suite.

"We are very pleased to establish this partnership with Formtek," indicated Rodney Evans, CEO and President of Skyline Connections. "Formtek's ECM products, together with our expertise in Healthcare IT, will result in cost effective solutions for our Clients that both increase productivity and facilitate regulatory compliance." Added Jim Brewington, Skyline Vice President "The first two solutions we will offer will be a Healthcare Policies and Procedures Management Application (HPPMA) and a Healthcare Facilities Document Management Application (HFDMA). We see a strong demand today for both of these applications in the markets we serve."

Both the HPPMA and the HFDMA solutions will make use of Formtek's highly secure Formtek | Orion™ vaulting technology, as well as Formtek's collaborative review, approval and auditing capabilities. Skyline Connections, working in conjunction with Formtek, will use their expertise to define the data model, process model and web-based forms for each solution. The solutions will be configured so as to integrate with the Client's email system for notification purposes.

-more-

“This is a great partnership that brings two best in class service providers together to more effectively meet market needs,” said Gary P. Mann, Formtek’s Chief Executive Officer.

About Skyline Connections. Skyline Connections, Inc. is a full service Information Technology provider whose goal is to provide creative and innovative digital solutions for their customer's critical problems. Skyline has grown because of its unique blend of talents and commitment to be responsible leaders, advisors, and suppliers of technology solutions to its clients. Many of Skyline's customers, from brokerage houses to hospitals, and from government agencies to museums, consider Skyline as an extension of their in-house staff and rely on them for innovative technology and applications support.
